

## Standard subscriptions

While we've recently dropped the "with MSDN" from the names of our main Visual Studio subscriptions, these are the same subscriptions that we've offered for years through software resellers on multi-year Microsoft Volume Licensing contracts, and directly through the Microsoft Store online. In most cases for standard subscriptions you will be buying Visual Studio, not renting.

		Standard subscriptions for developers		Standard subscriptions for testers and IT Professionals		
		Visual Studio Enterprise	Visual Studio Professional	MSDN Platforms	Visual Studio Test Professional	
Microsoft Store (retail) *	New, per user	\$5,999/ first year  Buy now	\$1,199/ first year  Buy now	N/A	\$2,169/ first year  Buy now
